Technology Specialist

Help advance CATCH Global Foundation ("CATCH") as an ed tech leader, delivering innovative digital health & wellness curricula to school districts worldwide. Annually, CATCH reaches over 4,000,000 kids with users in 30 countries and counting.

CATCH is a nonprofit organization with the mission to empower school communities to cultivate Whole Child wellness as a lever for student success and social equity. It offers evidence-based and evidence-informed programs and professional development in various content areas (health education, physical education, vaping prevention, Social Emotional Learning, whole child wellness, etc.).

CATCH curriculum is delivered and managed via several web applications (e.g. CATCH.org, SEL Journeys). We are seeking a Technology Manager to lead the maintenance and development of these platforms using industry best practices.

In this role, you will work directly with our Director of Technology & Design to:

- Manage an offshore development team (one primary developer) and ticketing system to execute feature builds (~1/year), bug fixes, and platform maintenance
- Perform full-stack web development, testing, and deployment in conjunction with offshore team
- Review pull requests
- Create and maintain system architecture and application documentation
- Liaise with a cybersecurity firm and implement recommendations
- Oversee web file storage and data backups
- Lead strategic decisions around platform scaling, performance, and efficiency
- Assist with data reporting
- Other duties as assigned

Skills and Requirements

- 5+ years experience in web or software development, plus Bachelor's degree, bootcamp certificate, and/or portfolio
- Proficiency in common coding languages and Git version control. Experience with jQuery, React, Node, Ruby on Rails, Go, and/or PHP a plus.

- Commitment to continuous professional growth and remaining current with industry-leading practices
- Ability to oversee and coordinate complex projects
- Experience leading technical teams a plus
- Excellent verbal and written communication skills
- Ability to take initiative and work independently as well as part of a team
- Ability to work well under deadline

While our organization was founded in Austin TX, we are a 100% virtual work environment. We have regular in-person retreats (travel/lodging provided) to help us develop and grow together as a team, as well as get to know one another on a more personal level. Day-to-day, you can expect to interface with the rest of the CATCH team via video/voice calls, email, and Slack.

Job Classification: Full-Time (Exempt)
Location: Remote
Salary: $70,000-75,000
Benefits: 100% employer-covered health insurance (other opt-in benefits available), unlimited vacation policy, 12-week paid maternity/paternity leave, and work from home with flexible scheduling.

To apply please send resume and cover letter to: jobs@catch.org
