

Professional Development Pricing Guide

Professional Development Levels

- ✓ **In-Service:** Participants will learn how to successfully implement health and wellness programming in their schools or organizations.
- ✓ **In-Service & Train-the-Trainer:** Participants who want to train others in their community in CATCH programming can attend our 3-day Train-the-Trainer (TOT). Learning topics include how to successfully implement health and wellness programming and teaching strategies to host a training. After successfully passing a certification test at the end of the TOT, participants will be certified CATCH Community Trainers and can conduct CATCH professional development trainings within their districts, organizations, and regions.

For all professional development tracks, excluding Youth Vaping Prevention (see below):
